victorious by the remarkably close score of 18 to 18.

For the first time this year the champion L. D. S. U. aggregation went up against a combination that knew as much about basket ball as they did. with the result that at times both teams were played off their feet, while the partisan rooters of each team went wild with enthusiasm. Rooters there were in plenty, over fifty coming from Logan, accompanied by the college band, who, together with the local basket ball enthusiasts, taxed the seating capacity of the symnasium far beyond its limits.

Honors were about even as far as the two teams were concerned, both exhibiting splendid team work and playing to the limit of their ability. While it was admitted that the Logan crowd was strong, it was not thought the players would be able to put up as good a game as they did. The fact that they were a match for the three-year champions seemed to please everybody, as it compelled the local boys to do their best.

Saints First to Score. Saints First to Score.

Saints First to Score.

The Saints were the first to score and had a lead of three points before the college boys got down to work. Then the two aggregations took turn about scoring until the end of the first half saw the low score of 8 to 8 in favor of the locals. In the second, the B. Y. C. team gradually crept up on the champions until it was at one time two points ahead. The fiercest kind of basket ball was played from this time out, first one team and then the other leading until final time was called, with the Saints two points to the good.

In the second half the play became very rough and one collision of the play-

the good.

In the second half the play becamevery rough and one collision of the players retired O. Lund of the local team with a broken nose. His place was taken by Stewart, who did good work for the rest of the half. During this time frequent fouls were called on both teams for rough work. On one occasion Stanton and Blair were fighting for possession of the half and the L. D. S. U. captain hurled the Logan man over his head, the latter turning a complete somersault, but still retaining possession of the ball. A foul on both men was the result of these rough tactics.

Logan's Ball Passing Was Good.

Logan's Ball Passing Was Good.

On several occasions the Cache valley players gave a remarkable exhibition of passing, and once in particular they passed the ball from their opponents basket to their own with lightning rapidity and scored their point. The local boys, however, must be given credit for getting into the game and playing it out after they saw they were up against it. This they did, meeting the star aggregation from the north half-way by giving them back all they received.

In a contest like yesterday's it is hard work to pick out any particular star. However, the work of Henderson from Logan should not be overlocked, when it is remembered that he played against Sid Christy, who is one of the best backs in the state. Lund, for the home team, played great ball at right back until he retired on account of his injury. Merkely of Logan had his hands full trying to hold down Stanton, who threw four goals against the Logan man. So fierce did Merkely play in his attempt to keep the L. D. S. U. star from scoring that a total of ten fouls was called against him.

Blair of Logan was the only back in the game that was not scored against, he holding Big Joe Smith and Dad Stewart without allowing them to score a basket. Dopp, the Logan center, proved too much for Taylor, who is not yet playing in form. for Taylor, who is not yet playing in form. Dopp scored twice against the L. D. S. U. man without allowing Taylor to throw a basket from the field. The work of the officials was first-class and gave universal satisfaction. The follow-
